1998 CITATION 525

This low-time Citation 525 is an absolute cream puff, featuring modern avionics upgrades and recent aesthetic enhancements. The Citation 525 is a single-pilot operated light jet powered by two Williams FJ-441A engines producing 1,695lbs of thrust each. This CJ is equipped with the latest Garmin package including dual G600TXi's paired with the GFC 600 A/P offering superior situational awareness and flight safety. The Aircraft underwent a complete interior refurbishment in 2019, featuring 110 VAC outlets, USB connectivity, and elegant materials. The exterior is highlighted by Tamarack Winglets, the SkyStep mod, and a 2019 repaint, giving it a sleek, modern appearance. N48DR is the perfect blend of performance, comfort, and reliability.
